

## APPLICATION FOR PERMISSION TO CHANGE POINT OF DIVERSION, MANNER OF USE AND PLACE OF USE OF THE PUBLIC WATERS OF THE STATE OF NEVADA HERETOFORE APPROPRIATED.

Date of first receipt and filing in State Engineer's office SEP 13 1941  
 Returned to applicant for correction \_\_\_\_\_  
 Corrected application filed \_\_\_\_\_

The undersigned William E. Licking  
(Name of applicant.)  
 of Battle Mountain, County of Lander  
 State of Nevada, hereby makes application for permission to change the point of diversion and manner of use  
 of water heretofore appropriated under Proof N. 00167 (vested right by  
(State nature of right that is the basis of this  
Paris Estate).  
application, i. e., vested, decreed or permitted right.)

1. The source of water supply is Humboldt River
2. The quantity of water desired to be changed 729.78 acre feet  
(Acre feet, second feet.)
3. The water is to be used for Irrigation purposes
4. The water heretofore used for Irrigation
5. Place of use under existing appropriation 298.56 acres in the N $\frac{1}{2}$   
(Under irrigation give number acres  
N $\frac{1}{2}$  of SW $\frac{1}{4}$  and NW $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 15, T. 32 N., R. 45 E., M. D. M.  
and description in respect to Government Land Survey; under any other use give location as being within a 40-acre  
subdivision.)

6. Proposed place of use under this application Same as above  
(Under irrigation give number  
of acres and description in respect to Government Land Survey; under any other use give location as being within a  
40-acre subdivision.)

7. The water is to be diverted from its source at the following point:  
SE $\frac{1}{4}$  of SW $\frac{1}{4}$  of Section 13, T. 32 N., R. 45 E. MDM, or at a point whence  
a fence corner of the line between Secs. 14 and 15 bears N 59° 35' W., 8190.80  
(Describe as being within a 40-acre subdivision of public survey or by course and distance to a section corner.)
8. The existing point of diversion under the former appropriation is  
as follows: NE $\frac{1}{4}$  of SE $\frac{1}{4}$  of Section 16, T. 32 N., R. 45 E., MDM (Starrett  
(If point of diversion is not changed do not answer.) Dam)
9. Number and kind of animals proposed to be watered \_\_\_\_\_

10. Use will begin about Mar. 15th and end about Sept 15th of each year.  
(Month) (Month)
11. The water has been used heretofore during the months of \_\_\_\_\_  
Same as No. 10 of each year

12. Remarks The 729.78 acre feet consists of Harvest crops 694.89 and  
diversified pasture 34.89 acre feet. Since the lands of the Paris Estat  
are no longer irrigated the flow of water in the old channel of the  
Humboldt River is not sufficient to meet the requirements as stipulated  
and agreed under permits Nos. 9729-9730-9731-9732-9733-9734 and 9735.  
Also to take advantage of a further provision in said stipulation and  
agreement granting applicant a right to divert water from the present  
channel of the Humboldt River to supplement water in the old channel  
of the Humboldt River at such times as there is not sufficient water  
in said old channel to satisfy the acknowledged rights.

13. Description of proposed works. The proposed works consist of  
constructing dams, levees and ditches, and headgates

14. Estimated cost of works \$2000.00

15. Estimated time required to construct the works is 2 yrs.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and manner of use of the waters of the Humboldt River heretofore appropriated under a vested right as evidenced by Proof of Appropriation of Water Serial No. 00167 is issued with the understanding that no other rights on the source will be affected by the change proposed herein, and that any structure placed in the River channel shall be as wide as the channel and that the flow line of the structure shall be the same as the present flow line of the River; that any backing up of the waters for diversion purposes shall be accomplished by means of flash boards or similar device which can be removed to allow free flow of the river. A suitable weir shall be installed at or near the new point of diversion for measuring the amount of water diverted. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to a beneficial use, and not to exceed 729.78 acre-feet per annum as allowed for said lands in the Humboldt River Decree.

Actual construction work shall begin on or before February 11, 1943.

Proof of commencement of work shall be filed on or before March 11, 1943.

Work must be prosecuted with reasonable diligence and be completed on or before February 11, 1945.

Proof of completion of work shall be filed on or before March 11, 1945.

Application of water to beneficial use shall be made on or before February 11, 1947.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before March 11, 1947.

WITNESS MY HAND AND SEAL this 11th day of

Proof of commencement of work filed FEB 25 1943 August, 1942

Proof of Completion of work filed APR 1 1 1949

Proof of Beneficial use filed APR 1 1 1949
